Thanks for the comments, I think. Again, the problem is not with the staff (or Jeff - who is a trooper here trapped in awful circumstances), its with the entire system. We hired him because we felt he was the guy to work with everyone and support the Board - which at that time wanted positive changes and professed to seeing the big picture. We burned out one good property manager - and we are doing it again. The new Board is not even seeing the big picture and seems to once again be going no where so it is likely to get worse before it can begin to get better.

Did I mention that at my second BOD meeting I was sternly censured by an angry BOD - all of whom glared at me - and lectured for fifteen minutes by the attorney like a school boy for calling the association's style of leadership "a train wreck" in reference to the pre-school thing, in a web forum reply. They can't censure me now so I guess that means I can join the opposition. My only plea - again - lets keep it about politics and business, not personalities.

We've all heard this time and time again. Jerry Teicher who had some 24 years of Property Management, and all the others that had College experience and this and that with all the College background and business experience and all the other bullshit. That's all we get. I don't believe anyone anymore.

I don't care how smart they are. I want to know what accomplishments they have made and the difference they have made for the betterment of the business they were in. Having degrees in this and that is bullshit and only looks great on paper. We use the same paper in the bathroom.

I have been at this for 3 years now and haven't seen a damn thing done to talk about. I have suffered as a result of trying to better this community and will not stop.

I'm a doer, not a sayer.....

At one point, we must say stop all the talk and do something or we can just talk, and talk, and talk, and talk.....

glass houses should not throw stones. I believe Ms. Padilla Riss was simply throwing stones when she wrote that document. We as a community should not always believe what we read without sufficient proof and since I was not given any proof to the contrary of how I see Mr. Williams I will continue to be a good neighbor to him as he has been to me. I am hoping that this letter will help to alleviate any unworthy thoughts about Mr. Williams' character that the document written by Ms. Padilla Riss might have caused.

Now I want to know if this is the same person. If in fact this Johnson woman is Harry's neighbor and so is Janet Harris, what the hell is going on here?

Is Harry getting all his neighbors on the Board and for what purpose? We know him to be somewhat of a weasel and we know he has a temper that is out of control.

I would not vote for this woman for the reasons above. Also, I heard from reliable people that at the Candidates Meeting, she was very condescending to the residents. I'll post her statement and will have more to say.

Right now I wouldn't vote for her.

Taken from the August 2005 Newsletter "Letters to the Editor":

An Open Letter to the  
Residents of APCP:

I am also a neighbor of Mr. Henry Williams. I am writing this letter to the editor of our paper because I received a notice being given out by one of the residents and felt compelled to inform our community of a great injustice being done by the distribution of this letter. I am a person of color and have had nothing but respect from Mr. Williams and his wife. He has been considerate and helpful with issues ranging from APCP rules and regulations to personally helping me with snow removal. I have on several occasions witnesses some of the incidents which were referred to in the notice written by Ms. Padilla Riss and have watched Mr. Williams try at all costs to compose himself as a gentleman only to be yelled at and called names. Those of us who have had personal dealings with Mr. Williams, I am sure were shocked at the statements made about him since this is not the man we know. As Ms. Padilla Riss stated in her notice "we are not perfect," I hope that

I made that observation, it just seemed logical to me. Do any of our Board Members ever get Bonded? There is a big difference between Keith & Emmett - A nicer way would have been Emmett "Keith" Mock.

There was a Superintendent of some school district- he had the same issue

An officer of a corporation is one that should be trusted, especially a Treasurer. The fact that he suppressed this info is one big reason to remove him from the Board. If the board did not, the entire Board should be removed for allowing this to happen and not taking action against the person.

I need the recipe for peanut butter and jelly sandwiches, I always miss the program that shows the proper technique to make PP&J on the Food Network.

When you use wheat bread does the jelly go on the top or bottom?

The highlight of the Peanutbutter and Jelly show will be that they won't show you the Jelly until the end when they bring out the Polander.

Someone in the audience will get up and ask "Can someone please pass the Jelly" and then everyone looks in awe, then it slowly fades to the current board members faces.....(off camera everyone runs to the toilet and barfs on Mrs. Mock's portrait which hangs over the toilet.....)

ATTN: Rules Enforcement

RE: Notice of Citation dated June 12th, 2008 (All attachments included that I received)

Rules Enforcement,

I am in receipt of this notice of violation. Please forward me all discovery related to this alleged violation. I also request that you mail a copy of all documents to the Association Attorney for his review. I appeal the Citation and request a hearing. As I am sending this certified mail #7005 1160 0004 9658 7599, return receipt requested, I also expect the same in return concerning any

correspondence from the Association. I understand that sometimes the mail gets lost in transit and to avoid claims of not receiving mail from any parties involved, I request this be implemented. I shall be defending myself in this action in as far as this hearing is concerned and it is also understood that we all must abide by the PA Constitution and all laws and statutes within the Commonwealth of PA as well as the US Constitution and any and all Federal laws if applicable. It is also understood that any law within the community that violates any Federal, State, and/or local law and/or any statute set forth, the Federal, State, and/or local law and/or statute shall apply. As I stated, please forward all documents to the Association Attorney for review and I request a written legal opinion from him.

Furthermore, I shall not be appealing to the Board if I am found guilty. The Board has shown prejudice against me with respect to an unlawful motion:

*To amend the motion of 9/12/2007 #09-07-09 to prohibit John Eden and Robert Sciarrone from being recognized and allowed to speak at any Open Board Meeting for a period of one year commencing 9/12/2007.*

Furthermore, there was an altercation in the Administration office on or about June 4th 2008 when I went to speak with Mr. Schlaak. The President, Harry Williams, of APCPPOA came out in the office and started yelling at me that I was a "piece of shit" and that "you'll find out soon enough". Refer to Pocono Mountain Regional Police Department Incident number 126732-08. The behavior of the President of the Association is atrocious to say the least and he should be removed as a Director. Another incident was in August of 2006 while in a Board Meeting when I was a Director was that Harry Williams said to me "Sit down before I sit you down permanently"

If found guilty, I will be appealing this matter directly to the Commonwealth Courts and will be seeking damages as well as costs involved.

Thank you for your time.  
Respectfully Submitted,

---

Officer Bashore filed a false complaint and I have it. What he did was criminal:

CHAPTER 49. FALSIFICATION AND INTIMIDATION  
Subchapter A - Perjury And Falsification In Official Matters

Joined: 23 Sep 2005

#### § 4901. Definition.

As used in this chapter, unless a different meaning plainly is required "statement" means any representation, but includes a representation of opinion, belief or other state of mind only if the representation clearly relates to state of mind apart from or in addition to any facts which are the subject of the representation.

### CHAPTER 49. FALSIFICATION AND INTIMIDATION

#### Subchapter A - Perjury And Falsification In Official Matters

#### § 4904. Unsworn falsification to authorities.

(a) In general.--A person commits a misdemeanor of the second degree if, with intent to mislead a public servant in performing his official function, he:

makes any written false statement which he does not believe to be true; submits or invites reliance on any writing which he knows to be forged, altered or otherwise lacking in authenticity; or submits or invites reliance on any sample, specimen, map, boundary mark, or other object which he knows to be false.

(b) Statements "under penalty"--A person commits a misdemeanor of the third degree if he makes a written false statement which he does not believe to be true, on or pursuant to a form bearing notice, authorized by law, to the effect that false statements made therein are punishable.

(c) Perjury provisions applicable.-- Section 4902(c) through (f) of this title (relating to perjury) applies to this section.

### CHAPTER 49. FALSIFICATION AND INTIMIDATION

#### Subchapter A - Perjury And Falsification In Official Matters

#### § 4906. False reports to law enforcement authorities.

(a) Falsely incriminating another.--A person who knowingly gives false information to any law enforcement officer with intent to implicate another commits a misdemeanor of the second degree.

(b) Fictitious reports.--A person commits a misdemeanor of the third degree if he:

reports to law enforcement authorities an offense or other incident within their concern knowing that it did not occur; or pretends to furnish such authorities with information relating to an offense or incident when he knows he has no information relating to such offense or incident.

As I stated once before, Bye, bye Bashore.

I will implicate ANYONE WHO DENYS THIS COMPLAINT, whether it be a Judge or the DA.

The Officers that I had recent contact with are honorable guys.

THEY DON'T NEED A PERSON LIKE YOU CARRYING A BADGE AND BRINGING DOWN THAT DEPARTMENT.

You are a vindictive prick that needs to be lawfully dealt with. And you shall be.....

ANY JUDGE WHO DENYS THIS, I WILL FILE A COMPLAINT AGAINST. I WILL ALSO INCLUDE ALL BACKGROUND DOCUMENTS AS FACTUAL EVIDENCE AS WELL AS A PROPONDERENCE OF EVIDENCE.

I guess you can say that you finally got me aggitated enough to lawfully deal with your kind.

Goodbye jackass.

I am sure there are a few minor titles I am unaware of.

Pcp is not Coca Cola with chances of promotion to almost anywhere in this world. With PCP what you see is what you get ie: no advancement and no guarantee of longevity of employment. So who would want to take their kids (if they have any) out of school and relocate EIGHT HUNDRED MILES to work here?

I don't know what is in their minds so I can't answer that question.

I would not be surprised though to find out they all have left behind or brought some baggage with them.

**Bob Sciarrone wrote:**

Hello, my name is Edith Mock and I am running for the Pocono Country Place Board of Directors. My platform is simple. With your vote I can lead the effort to continue to improve upon the services from the administration. I want to create a board of directors that is responsive to the needs of all the residents of this community. I wish to ensure that everyone is treated fairly, openly and honestly. I also want to improve the value of all the properties here by decreasing spending, improving the appearance of the community and creating information systems that are truly integrated and perform as designed. It is my desire to see the board be responsive to the needs of the community. There should be checks and balances in place to ensure that every community member is treated with respect, dignity and honesty. Employees and residents should be treated fairly and respectfully. If elected, I will work diligently to make sure that board decisions are appropriately made and disclosed to the community in a timely and easily assessable manner. We need to start with the perception and pride of the community from both within and outside. Pride in ownership will allow the community to grow. I have worked hard to improve my property in this community. Being a real estate agent and private investor I know how to make the value of a home rise as well as improve the value of the community as a whole. I am a small business owner so I understand the cost of my decisions and how to pay the associated costs. I want to protect your rights as property owners that you purchased when you bought your property. As a database programmer, I know how to create computer systems that are integrated and managed well and would allow the residents and guest of residents the information needed without all the current issues. Please vote for me!
