Dear [REDACTED]

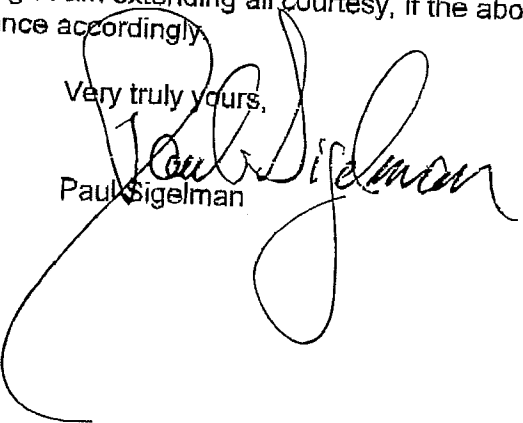

As you know my firm represents Colocation America.

Although the Court has ruled against your allegations, you have nevertheless continued to post false statements about Colocation America and its principal on the internet. This leaves no choice but to proceed with an action against you, a copy of the proposed complaint is therefore enclosed.

Should you wish to provide reasons why the Complaint is not well taken, you should write me immediately. Should you on the other hand wish to get on with your own business, I have enclosed a simple page for signature and return by facsimile. While the signature will not make up for the damage you have caused, it will put the matter behind for all parties.

Trust you understand that although I am extending all courtesy, if the above are not received, I must deal with the circumstance accordingly.

Very truly yours,

Paul Sigelman
