Re: Jennifer Reisinger

Dear Attorney McLean:

Please be advised that this firm has been retained to represent the interests of Jennifer Reisinger. I have reviewed as much of the material relative to this matter as possible. It appears that your office sent a legal directive to our client, ordering her to take certain actions relative to the link of a public site to her business website. It is my understanding that this "order" was at the request of the City of Sheboygan and/or the Mayor.

I am contacting you to inform you that Ms. Reisinger will not be removing any such link to any public site at anytime. If you can enlighten me as to the legal basis you believe you may utilize to order a citizen to remove a public link to a public site, I would be happy to examine same. At this point, however, this directive certainly does not pass muster. Obviously, something is not correct, as the Mayor has taken it upon himself to utilize the substantial powers of the government and focus them upon one individual who is utilizing her First Amendment rights.

Please also accept this correspondence as a request pursuant to the **Wisconsin Open Records Law** for copies of all documentation, correspondence, letters and communication, in whatever format, as they relate to Jennifer Reisinger and any matter relating to her website. Again, this request is made pursuant to the **Wisconsin Open Records Law** and, therefore, your response in a timely fashion will be much appreciated. Should there be an advance fee required for the processing of this request, please advise this office and we will immediately remit same.
